

## **Minutes of cemetery committee**

**Wednesday, November 13<sup>th</sup> 2019 6:15 pm**

1. Chairman Tim Sanders called the meeting to order
2. Present: Tim Sanders, Bill Brewer, Brad Treweyn, Dave Bomcamp
3. Dave Bomcamp brought before the committee members a request to allow 3 family members to have their cremated remains interred on one grave site. Another family also had asked Dave if there was a possibility of this approval.
4. The committee discussed the current ordinance that stated only two interments permitted on one gravesite. This ordinance changed around the time that the columbarium was built, but none of the current committee members was aware of the exact date.
5. The committee referred to how the ordinance read prior to being change, it stated that there could be four family members interred on one site.
6. Brad Treweyn suggested that the committee propose to the board to allow this family to have three internments on this site because they owned the site prior to the change in the ordinance, and therefore allowed to follow the rules that were in place at time of purchase.
7. Bred Treweyn also stated that any costs that are above one interment must be paid, but if two urns can be placed by making one opening then they will only be charged for the one opening.
8. All committee members voted in favor of this recommendation to the town board
9. Adjourned at 6:27 p.m.

Tim Sanders

Chair Cemetery Committee
